SUBJECT: Sale Surplus VHF Radio Pager to Yamhill County

Resolution 238 "A RESOLUTION APPROVING THE PRESENT LOW FREQUENCY RADIO SYSTEM TO BE PUT ON THE CITY OF WILSONVILLE SURPLUS EQUIPMENT LIST; AND ADVERTISE THE SURPLUS RADIO SYSTEM FOR PAID PROPOSALS" was adopted on June 21, 1982. The Washington County Fire District No. 1 purchased the mobile radios and the base station from the VHF system, however the pagers were never purchased.

Yamhill County would like to purchase the 3 - VHF pagers - surplus equipment realizing some modifications will need to be made. Presently most firms or government entities will not purchase the VHF radio pager system because they are VHF, or the modification costs are too high.

Yamhill County is proposing to purchase all 3 VHF pagers for \$100 each or \$300. I have verified this price with Motorola Company who manufactures the VHF pagers, and they indicated that due to the change over cost from our frequency to Yamhill County frequency \$100 per pager was a fair price.

Recommendation

Approve the sale of the 3-VHF Motorola Pagers with charger for a purchase price of \$100 per pager as is to Yamhill County.
