### Grand Opening of the Oregon Korean War Memorial Interpretive Center.

Tour the new installation which features stories—via photos, video interviews and artifacts--of approximately 90 Oregonians who served in the Korean War. View a map of Korea showing important battles. Read some interesting stories about Tootsie Rolls and Sgt. Reckless. Learn who our allies were. Discover the ties that still exist between the US and Korea today. And, learn how Korea has prospered since the Korean War.

Note: Following the ceremony at the Memorial, please enjoy some light lunch refreshments just outside the Interpretive Center. Then, make your way inside and view the exhibits. While today's crowds may be daunting, please take a peek inside. The Interpretive Center will be open from 8:00 a.m. to 5:00 p.m. weekdays (excluding holidays).

**Thank you for joining us today to honor our Korean War veterans and to open the Interpretive Center.**
