

JOIN THE CIVICS ACADEMY

The Civics Academy features City-hosted meetings and events designed to prepare community members for roles on local-government boards and commissions, as well as area non-profits.

The Civics Academy offers participants the opportunity to learn about the City's programs and operations, meet City staff and elected officials and get to know fellow community members.

Have you ever wondered just how your local government works, or what the role of the Mayor and City Manager really is?
